## Procedure

- Interrupt an exam or controlled assessment or any other type of assessment taking place.
- Challenge the person/s involved in the incident

They SHOULD immediately

- Inform the Exams officer/Deputy Head
- Write an account of what they believe to have taken place

The Deputy Head will then investigate the allegation as per the JCG guidelines.

The person/s involved, after the exercise/examination is completed will be:

2. Advised of the likely consequences
3. Requested to make a statement

If the person involved is a student, an interview with the parents should be arranged with the deputy head. In this interview points 1 and 2 will be covered.

The Exams Officer will report the incident.

The College will inform the person/s of the decision by the examination board and advise on appeals procedure IF the College believes that an appeal is justified.
